

CHAMBERS BAY SNACK BAR

University Place, WA

One of Washington State's premier golf courses has stunning views of the Puget Sound and provides some of the most challenging holes in the Northwest. It was selected to host the 2010 U.S. Amateur Open and the 2015 U.S. Open. As a publicly owned facility, Chambers Bay is subject to prevailing wage laws regarding site work. Faced with the challenge of building a cost-effective facility to house food and beverage choices for golfers, Modern provided the solution; a high-end concession facility that was delivered and set up within days. Using a factory built modular unit reduced cost and site impact to such a pristine location.

PROJECT HIGHLIGHTS

- The building has dimensions of 12'x44'.
- The building area was 528 square feet.
- The foundation is Pit Set.
